Serial #: 169 | Registration: N4920Y

\$899,000.00

Muncie Aviation Company 88

88th ANNIVERSARY
EST. 1932

Since its introduction, the TBM 700 has kept its promise: delivering jet-like performance on a piston twin budget, as well as turbine safety and superb handling throughout the flight envelope. Its short field performance is legendary. The TBM 700 slips into 2,800 ft (860 m) strips or mountain airports where business jets dare not follow.
